## Jaysee to Have Three New Faculty Members

### COMMERCE DEPARTMENT WILL BOAST FOUR INSTRUCTORS

Three new faculty members will be the latest addition to the Jaysee teaching staff of next year, according to President R. J. Werner. One member, Mr. Lloyd Winter, has already been mentioned on the sport's page as assistant coach. In addition, Mr. Winter, a graduate of the University of California in 1934, will be instructor in journalism and adviser of the Battery. Besides being a minor in journalism at college, Mr. Winter was foreign correspondent of the San Francisco Examiner for two years. He will teach journalism and Battery as two different courses in order that experienced writers will not be at such a premium.

A second teacher, Mr. George Aughinbaugh, a graduate of the University of California, "cum lauda", will instruct courses in mathematics and office practice. Mr. Aughinbaugh, a member of Phi Beta Kappa, is also a talented musician.

Although his main field is mathematics, he will teach a special class in office practice. He was office manager of a large corporation for five years and has had lots of experience in this line.

With the addition of Miss Anne M. Lecesin, the commercial department will boast four instructors. Miss Lecesin, who will specialize in commerce, has received both her bachelor's and her master's degrees from the University of Indiana. She was a member of the Phi Beta Kappa, honorary scholastic society, and the Sigma Xi, honorary scientific society.

### ICHIRO HAYASHI AWARDED CHOUINARD SCHOLARSHIP

Ichiro Hayashi, freshman art student, was this week awarded a summer session scholarship to Chouinard's Art College of Los Angeles, the most highly accredited art school in California. Hayashi won his scholarship on his water colors.

Although he has been working only one year on water color landscapes, he is one of the fastest progressing students ever to take art, according to Mr. L. K. Amyx, instructor. Hayashi will spend the summer developing his talent for painting. He hopes to win another scholarship for the fall term through his advancement in this field. If he fails to do so, he will probably remain there and work until he can pay all his own expenses. At any rate, Hayashi has every intention of continuing in his chosen field at Chouinard's.

Mr. Amyx is at present arranging for a one-man show of Hayashi's water colors to be exhibited in the art room during the last two weeks of school. The room will be open to anyone who is interested in the type of work now being done by one of the junior college's most up-and-coming young artists.

### AWARDS PRESENTED TO OUTSTANDING STUDENTS AT MORNING ASSEMBLY

The most outstanding members of the student body were given belt buckles and pencils Friday during the assembly held at 9 o'clock. These students were selected by the teachers and members of each organization for their cooperation during the year. These students have all taken active part in all the social and business activities undertaken by the Salinas Junior College student body. These people are to be congratulated on the good work they have done this year. These awards are Salinas Junior College's only means of expressing appreciation. Students who received awards were: Bob enderson, 14th year class president and commissioner, social activities chairman, band president; Luther Ogawa, 13th year commissioner, winning essay; Clayton Lamb, publications commissioner, La Reata advertisements; Elsie Tamagni, commissioner of women's athletics; Nettie Wiechring, secretary of the student body, commencement speaker; Gerard Woelfel, commissioner of men's athletics; Jack Kympton, president of student body; Melvin Stromberg, publicity; Ernestine Winters, rally committee, editor of Battery; Dan Bushnell, Battery business manager; Lyle Stageberg, Alpha Gamma Sigma president, constitution committee, commencement speaker; Don Coover, Men's Club president, La Reata editor; Dick Hamby, opera tickets, dance program, opera lead; Vivian Stephenson, Upsilon Gamma Chi president; Dick Carlisle, elections committee, constitution committee; Burr Scott, constitution committee; Carleton Williams, commissioner of finance; John Storm, social activities; Kay Vosti, secretary first semester; June Rhodes, commissioner of first semester; Norman Kerns, vice president first semester; Frances Ruhlen, Battery.

### CATALOGUE OUT

The junior college catalog of courses boasts a brand new cover of maroon and gold. Perhaps you've noticed that it has been out for the students this week.

### GRADES WILL BE MAILED

Because finals are scheduled until the day of graduation, it will be impossible for the instructors to have their grade lists completed by the last day of school. Therefore, if you students want your grades, leave a self-addressed and stamped envelope with Mr. G. D. Peavy, registrar. Don't forget; if you do not leave an envelope, you will not receive your grades until next fall when you re-enter school. Don't wait until next September to find out whether or not you are eligible for more college work. Leave your envelope with Mr. Peavy today.

### CHARTER IS PRESENTED TO TOASTMASTERS

Thirteen years after the founding of the J. C., 13 toastmasters met with guests to hold a dinner at the Hotel Franco on Friday, May 13. In spite of the unlucky numbers involved, the meeting was a great success. Greetings were given by Mr. R. E. Walsh, of the senior Toastmasters, Mr. Case of the Y. M. C. A. board, and Mr. R. J. Werner, president of the college. The climax of the evening was the presentation of the charter, number six, by Mr. Roy Hohberger. Membership cards were also given out at this meeting.

### Clyde Greenhill Toastmaster

Toastmaster for the evening was Clyde Greenhill, vice president of the J. C. chapter. First speaker was Dr. Wessels, who gave a very interesting talk on "If I were a Junior College Man." He was followed by Lyle Stageberg, who spoke on "Profits From Defeat". The talk turned to politics when Mr. Charles McHardy discussed the length of office for presidents. Burleigh Martin then proceeded to discuss, from his point of view, the relative merits of Maine and California. As might be imagined, much comment was aroused by this last speech.

### Charter Presented

As the big event of the evening, Mr. Roy Hohberger, advisor and founder of the S. J. C. chapter, presented the official charter to Dick Carlisle, president of the local chapter. After being signed by all the members, the charter will be framed and kept in the school offices. Membership cards were given out,

## Vorheis Wins Honors In Conference Discus Throw

### PRISON HEAD SPEAKS HERE

Miss Florence Nonahan spoke to a large audience in room 14 on May 19 at 2:35 o'clock. Miss Nonahan has had a very interesting life as a women's prison director and also as matron for girls' training schools. She has spent nearly 20 years as a reform matron and has dedicated her life to help others. Upon graduation from the University of Minnesota, she worked as an instructor in the children's institution, which she left in 1920 to become head of the Women's Reformatory at Shakopee, Minn. She was appointed head of the Tehachapi Women's Prison on May 1, 1937. She is also vice president of the American Prison Association.

While here she described the prison life, clothes, food, amusement, and education. Among the most important thing stressed in the prison is the reconstruction of moral and social standards for the women inmates. This is usually rather easy, as the women are very interested in making a new life when they get out of the prison.

The Soroptimists Club had an invitational dinner at the Cominos Hotel in the evening with Miss Nonahan as the guest of honor. At that time she presented her speech to the townspeople.

programs passed about to be signed and Norman Kerns took several pictures.

Those present were: Mr. G. A. Dougherty, president, Y. M. C. A. board; Mr. R. E. Walsh, president, Salinas Toastmasters; Mr. R. D. Case, secretary of the school board and of the Y. M. C. A. board; Mr. R. J. Werner, Mr. Roy Hohberger, Mr. H. Langdon and Mr. J. H. Murrin, advisors to the club; Dr. C. Wessels and Mr. Charles McHarry, guest speakers; Dick Carlisle, Clyde Greenhill, Norman Kerns, Abe Fuji, Bill Giles, Harry Knowles, Bill Law, Burleigh Martin, Edgar Shaffer, Lyle Stageberg, Harold Stigers, Carleton Williams, and Clarence Zingheim, club members.

### KYMPTON SECOND WITH SMASHING THROW OF 122 FEET

Another bit of glory was added to the Salinas Panther record when Harold Vorheis shattered the existing discus record into a thousand pieces.

Last Saturday, May 14, found Harold at Santa Rosa, taking his place among the other competing J. C. discus throwers. Previously, the record for the discus was 117 feet. Harold made a mighty effort to literally sling the platter out of the lot. The result was the winning and record breaking distance of 133 feet and 5 inches.

To show the other J. C.'s just how much of a chance they had in the discus, our student body president, none other than Jack Kympton, also broke the existing record. He threw the platter 122 feet. Two record breakers in one event at the same track meet is "quite a bit of something."

We are proud of you, fellows, and hope that your good work will inspire other loyal Panthers to do the same.

### MISS HUTCHINSON BACK IN SCHOOL

Miss Frieda Hutchinson, the women's physical education instructor, returned to the junior college Wednesday to resume her classes. Miss Hutchinson had been confined to her bed since May 6 with a bad attack of influenza. She had been ill for a week previous to her confinement, but because so much depended upon her for the modern dance program, she held on to her regular classes, even making two appearances on the program.

In spite of fending off pneumonia with very little to spare, she has returned to school in short order since it has been impossible to find a substitute to take her place.

### SMALLPOX PREVALENT IN MONTEREY COUNTY

Five cases of smallpox have been reported near Salinas since May 1, according to the Monterey County Health Department. The first signs of smallpox are found in fever, headache, and pain in the back, followed by the breaking out of a rash. This disease is often very serious, especially with young people, and often leaves the victim with disfiguring scars and pox marks.

This may be prevented by vaccinations. The results of a vaccination are mild, the scar left is very small, and the protection given will last for several years. If you have not yet been vaccinated, the health department advises that you go to your physician immediately. Those unable to consult a physician for this service should get in contact with the school clinics.

## Final Examination Schedule

So many requests have been made for the final examinations schedule that it was decided to repeat it. Don't forget to save this copy as it is your last before the finals. Examinations begin next Monday at 8 o'clock will continue as follows:

From Wednesday, May 25, to Wednesday, June 1, there will be a half hour lunch period between the 8-11 and 11-2 finals. On the same days all J. C. buses from Santa Cruz, King City and Car-

mel will leave at 2:45. The library will be kept open at all times. The following is the daily schedule:

Monday — 8-11: All daily and M. W. F. 11 o'clock; 11-2: Tuesday-Thursday 8 o'clocks; 2-5: English II, Public Speaking.

Tuesday — 8-11: All daily and M. W. F. 10 o'clocks; 11-2: All 12 o'clocks; 2-5: Tuesday - Thursday 10 o'clocks.

Wednesday — 8-11: All daily and M. W. F. 9 o'clocks 11-30:

2:30: Tuesday - Thursday 11 o'clocks.

Thursday — 8-11: All daily and M. W. F. 8 o'clocks; 11-30-2:30: All 4 o'clocks.

Friday — All daily and M. W. F. 1 o'clocks; 11:30-2:30: All daily and M. W. F. 3 o'clocks.

Tuesday, May 31 — 8-11: All daily and M. W. F. 2 o'clocks; 11:30-2:30: Tuesday-Thursday 3 o'clocks.

Wednesday, June 1 — 8-11: Hygiene; 11:30-2:30: Orientation.

## A FAREWELL NOTE

Now that school is almost over and there is only one more edition of the Battery to be published in Vol. VII, may we of the Battery staff take this opportunity of thanking all the students and teachers for their co-operation in putting out our most difficult project, for difficult it has been. Writers have been very scarce around the Battery room for some reason, even though there is a wonderful field for their talents offered in this sheet.

Yes, you students have raved and ranted about the filthy rag, and the lousy sheet. Such expressions as "never believe what you read in the Battery" and "That lousy sheet never gets anything right" have echoed and re-echoed down the halls, but every Friday a concentrated rush for the Battery room started promptly at 12 o'clock. Perhaps we have not always pleased you; perhaps at some time we misinterpreted your actions, or you misinterpreted our meanings, but we of the staff have no apologies to offer. We have done our best.

With an active staff of only seven, slaving overtime every Wednesday and sweating blood every Friday, the Battery has managed to live up to its promises as close as was humanly possible. If everything was not covered, if everyone was not mentioned, the fault is yours. There is a perfectly good mail box rotting in the office, and there are lots of typewriters handy in case any of you students were interested in making an improvement. No suggestions were made in spite of the criticism, and the staff has held high hopes of having satisfied, to some degree, each and every one of you. If you want a bigger and better paper next year, then get whole-heartedly behind your new editor and and your new advisor for next year -- Miss Frances Ruhlen and Mr. Lloyd Winter.

## HAVE YOU READ...?

Have you read any of the deeply interesting stories by Thomas Mann about Joseph? Recently, Mr. Mann published "Joseph in Egypt", which is the continuation of the story of "Joseph, Son of Jacob", that was begun in "Young Joseph" and "Joseph and His Brothers". The story begins when Joseph was bought by a trader's caravan. Though a slave, Joseph was already winning the attention of the leader of the caravan with his soothing good-night speeches. Joseph had a gift for saying nothing beautifully, and he was canny enough not to repeat himself and to talk well when it was to his advantage. After he was sold to an Egyptian noble, he won the favor of one important person after another until he was established as chief man in the noble's household.

Mann's telling of Joseph's story is a beautiful piece of writing. There is little incident in the story, but it is always fascinating reading. The life of an Egyptian noble household is pictured in detail, and Joseph is made to stand out as a character who holds the attention of the reader. Joseph went far in the ancient world; he would have done the same if he had lived in the present -- convinced that he was favored by the Lord, nevertheless he calculated his own career to help himself. There is still another volume to come in this story, one that will finish the story of Joseph.

Although you, as a reader of modern fiction, may not be interested in such "heavy" reading as this story, it should be examined, at least, to find why the writing of such ideas should cause Mr. Mann to be exiled from Germany and to receive prizes here. Perhaps, the reading of this story will give a clearer insight on what kind of literature Hitler is trying to ban.

"The 168 Days", by Joseph Al-sop and Turner Catledge, is the actual account of the Supreme Court fight commencing on the morning of February 5, when President Roosevelt announced his plan for enlarging the court, through the breathless 168 days of struggle which ended in his defeat. The book is written by two journalists who are on the "inside" when it comes to news from the capital, and this information is guaranteed to be accurate by the publishers, Farrar and Rhinehart.

## DEBATERS EAT

As a climax to a very pleasant semester of friendly competition between the public speaking classes 22 and 4, the latter gave their rivals an informal picnic luncheon in Central Park last Tuesday. At the beginning of the semester the two classes agreed to have inter-class debates at least every two weeks, and the team that won the greatest number of debates would be the guests of the losers.

Burleigh Martin, who is a member of both classes, acted as chairman of the picnic arrangements. Contrary to expectations, there were no after-dinner talks because the debaters were too busy eating the strawberry gelatin, garnished with fresh strawberries, the potatoe chips, sandwiches, and the cakes, one of which was baked by Harriet Holman early Tuesday morning just for this very important occasion.

All J. C. girls know enough math to put two and two together and make a scandal of it. --The Warwhoop.

## MUSIC NOTES

Monday noon the string quartette played for the Exchange Club luncheon at the Santa Lucia Inn. They played Beethoven's Audante Contabile and the Merchant of Venice. Members of the quartette are Beth Falkenberg, Betty Draper, Ann Kepner, and John Coustette.

Band uniforms were shown to the admiring students during last Friday's assembly. For those of you who did not see them, they are maroon with gold trimming in the form of gold buttons and stripes on the pants. The coats are double-breasted. The hats are all maroon. The argument over belts or no belts was finally decided in favor of the white Sam Brown belt with the S. J. C. buckle. Band members will wear either white or black shoes, depending upon the occasion.

Maie Goodman, of the Salinas Junior College, played two flute solos on the Chamber of Commerce program on KDON at 8:30 o'clock Wednesday night at the Salinas studios. She played "Gavotte" by Gossic, and "Old Refrain" by Kriesler. She was accompanied by Louise Philbrick. On the same program Dick Hambey sang "That Tumbled Down Shack In Athlone", and "When Song Is Sweet". He was accompanied by Miss Gertrude Lowe.

The string quintette played at the Methodist Episcopal Church on Thursday afternoon at 3:30 for the Ladies Aid members. Members of the quintette are John Mitchell, Jancie Lemon, Fannie Gutierrez, Beth Falkenberg, and John Coustette. On Friday morning the same quintette played for the members of the Scholarship Society at 10 o'clock.

Mr. Lorell McCann, music instructor at the S. J. C., will spend his summer vacation in the University of California summer school.

Miss Lowe's A Capella Choir has really been going places. The choir recently went to San Jose to sing at the Junior College Music Festival. This was held at San Jose State College. Salinas was ranked very high at the festival and everyone expressed the idea that they were looking forward to hearing us next year. Friday the choir sang for the Kiwanis Club and Monday for the Exchange Club. The group sang three well known numbers, "As Pants the Heart," "It's Me O Lord" and "The Peasant and His Oxen." Everyone is in hopes that the choir will continue to do the same outstanding work next year as they have this year.

## LIFE AWARD TESTS

Next Monday and Tuesday, May 23 and 24, Mr. George Hughling, of the American Red Cross, will be at the Pacific Grove swimming pool to give life saving tests. These tests will be the standard Red Cross live-saving tests which are given to all life guards, swimming instructors, and others who are interested.

Anyone from the Salinas Junior College who wants to may take these tests. For transportation accommodations from Salinas, they are asked to contact Mr. Ray Sherman, of the Gaudin Motor Company, on Monterey Street in Salinas.

## MAIL BOX

Dear Editor:

Well, well; what kind of a school is this? I, as a member of this place of HIGHER learning would like to know. On Friday, May 13 (which proved an unlucky day) the public speaking class presented two plays during the course of that fateful day. The two plays presented were "The Knife", and another play which was presented with such a pedicular cast and in such a silly manner that it isn't even worth mentioning.

Now I appreciate the efforts of the students, but I, and I believe many of the other members of this institution, cannot stand to see GOOD plays ruined by HAM actors who think it their only duty to stand up in front of the audience, laugh at their friends and forget their lines.

The students of this school appreciate art, but as yet we have not been shown anything that merits praise. My advice to the cast of these various plays is to buckle down to business, learn their lines and put on a performance that will be appreciated and enjoyed by the members of this institution, who do appreciate art (when we see it).

Signed: I Strive to Better.

Think not harshly of me if I have trodden your toes; I want you as friends, certainly not foes --The Oak Leaf.

## GRADS GO . . .

THOMAS JUDGE, well known homore of the Salinas Junior College, will go where he gets the most salary. He plans on taking a special course in how to make money without working.

JOHN K. HURT plans on attending the San Francisco College of Embalming. If he doesn't make a go of that, he'll stick to selling vacuum cleaners.

DIAMOND YEE will attend the University of California and take up chemistry.

GEORGE HIGUCHI will take up a pre-engineering course at California. He is very interested in electrical engineering, and plans to specialize in it.

BETTE JUNE RHODES is hovering between going to Armstrongs or continuing on at J. C. In either case she will take up commerce.

BETH VIOLET SANDERS will attend either the Brigham Young University in Utah or the San Jose State Teachers College. She will major in English and languages, as she plans on being a high school English teacher.

EDGAR HOWARD SHAFFER will attend San Jose State Teachers College next year, where he will major in chemistry. He plans to make this his life's work.

WILLIAM ALLAN SHEPHERD. Next year will find him registered at Fresno State where he will study for a job as a sociological high school teacher.

HAROLD WILLIAM BALL will be far away in Canada attending the University of British Columbia, where he will take a course in structural engineering.

SOPHIA MAE RIGGS is rather torn between three choices. She will either attend a business college, work for a year, or go to a library school. She may decide a little later.

MARION H. REDNER will work at the state employment service bureau in Salinas next year. If possible, she would like to come part time to school.

FRANCIS K. KASHNER is very undecided about everything, so we can't tell you anything about his plans. He does

## Key Hole

Miss Fraser certainly threw the scare of the century into the verse choir the other day with her little talk on all the hard work that the Cal students were expected to do. It was almost enough to encourage some of the students to give up their hopes of going to the university.

That picnic the other day was certainly a big success, if we are to judge from the things that went on in the bus. We wonder if Sally Hayes is still yelling "Dirty" when anyone pulls something a bit off color. And if Laurie Pilling has recovered from being car sick.

Well, we admit it, we are slow, but Ardath Bare was such a sweet little innocent girl that we never suspected her of entertaining romance in her young head. But she and Bill Law were certainly enjoying themselves on the bus.

Wouldn't Bolado Park be a perfect place for a dance sometime? You could get about 1000 people on that floor and never even know it.

Wonder when the La Reatas are coming out? No one seems to have any very definite ideas as to the appearance date.

How many of you J. C. students went to the high school senior play on Friday, May 13? Dick Hambey was there. At first I thought he was with a beautiful blonde—did I ever get fooled!

The Santa Cruz bus has done it again. Friday night it broke down at Soquel and was there for an hour, while a burned-out bearing was being replaced.

It seems that there are quite a number of students who are interested in the various state young political parties. It is really surprising how much they know—or think they know—about the political machines and what have you.

Now that there isn't quite so much rain coming down, a few more people are enjoying the park's sunshine. It certainly helps toward keeping the halls clear of trash.

Vacation plans are flying right and left. They certainly sound good, but don't forget that finals lie between vacation and now.

Now that elections are over, several people are breathing relieved sighs—they were so afraid that they might get the election. But we can offer our congratulations to the ones that did win.

Betty Draper surprised everyone and learned how to dance in the space of one small week. She had to, because she was going to the prom; but she had never been on the dance floor. More power to her for learning in such a short time.

Aileen Breschini and Harold Silliman spent their leisure time gossiping over the library box. Maybe they have gone intellectual in their old age.

Barbara Tracy was elected new worthy advisor of Salinas assembly, Order of the Rainbow for Girls, Tuesday, May 10. Helen Pedroni was named associate advisor during the same ceremony.

Emma Schneider, state devotional director of the Baptist Church Young Peoples' Association, was an honor guest at the recent convention held in Salinas.

It seems that there are compensations to being sick. Several of the students, including Gerard Woelfel, have been over to see Miss Hutchinson since she has been ill. All of that, of course, helped her to get well that much faster.

Ruth Robinson certainly had a job on her hands the other night. She had to cook all the food for a church supper, and you can imagine how much that was. If she seems violently ill when you mention food during the next few days, maybe you can forgive her.

plan on working this summer and saving his money in order to go to school.

BURR SCOTT will attend the University of California next year where he will study law. He will major in the social sciences.

JANET LOUISE ROWE will also attend U. C. and take up a commercial course.

DOROTHY ANN RISING is very interested in commercial art. This summer she will try to get a job at the fair. She hopes to attend art school next year.

GEORGE B. JENSEN will attend the San Francisco Embalming College for a year. He plans to be a mortician.

## ANN KEPNER SETS WEDDING DATE AT LUNCHEON

Ann Kepner was the hostess at a delightful luncheon given Monday, May 16, at her home on Giel Street. The luncheon was given in honor of her recent engagement to Wesley Settle, and also to announce the wedding date.

The girls had lunch in the living room, which was set with four tables, beautifully decorated with place cards and sweet peas, which the girls later used as corsages. In front of each girl's place were a bride and groom labeled "Ann and Wesley in June."

Those attending were: Eugenia Gomez, Susan Palmer, Joyce Wiggins, Alveretta Murray, Martha Eveland, Mrs. Gunn (formerly Nell Tanner, a graduate from J. C.), Ruth Edwards, Crystal Handley, Beth Falkenberg, Betty Draper, Lois Phillips, Janice Lemon, Maie Goodman, Glendora Fenwick, and Georgia Lyke.

Mrs. Kepner and Mrs. H. Hughes, Wesley's mother, were also in attendance at the luncheon.

When Ann was asked when she would take that long walk down the wedding aisle, she said it would be one of the four Sundays in June. However, she did announce that she was expecting to be married in the Methodist Church.

Everyone had fun trying to find out the secrets of the other girls present, but Ann seemed to be the only one willing to announce that the wedding bells were going to ring soon.

Good luck, Ann and Wesley.

Customer (to barber): "I haven't time for a haircut—just change the oil."

—St. Mary's Collegian.

lations to the ones that did win.

Betty Draper surprised everyone and learned how to dance in the space of one small week. She had to, because she was going to the prom; but she had never been on the dance floor. More power to her for learning in such a short time.

Aileen Breschini and Harold Silliman spent their leisure time gossiping over the library box. Maybe they have gone intellectual in their old age.

Barbara Tracy was elected new worthy advisor of Salinas assembly, Order of the Rainbow for Girls, Tuesday, May 10. Helen Pedroni was named associate advisor during the same ceremony.

Emma Schneider, state devotional director of the Baptist Church Young Peoples' Association, was an honor guest at the recent convention held in Salinas.

It seems that there are compensations to being sick. Several of the students, including Gerard Woelfel, have been over to see Miss Hutchinson since she has been ill. All of that, of course, helped her to get well that much faster.

Ruth Robinson certainly had a job on her hands the other night. She had to cook all the food for a church supper, and you can imagine how much that was. If she seems violently ill when you mention food during the next few days, maybe you can forgive her.

## Nuff Said

Now with all the excitement over, we can all get in and really study for our finals, we hope.

My, didn't everyone have a grand time at the picnic? I'll say so. Did you notice how fast the food went down? You know, I wouldn't be at all surprised if some one was really hungry. Just who was it that swiped all the potato chips? And poor Mrs. Baxter had to go around gathering them up—what selfish individuals.

Did you notice how after the food was all gone and everyone had his fill, how they just sort of paired off and went on short walks, lay around, or danced? Let's see, there were June and Wilbur, Lorrie and Stafford, Kay and Luck, Johnny and Wilma, and a few others, all dancing cheek to cheek. You know that is really a good thing to do after eating a lot . . . it helps the digestion. Francis Kashner and Elizabeth Cronholm, John and Ruth, George and Janet, and Marion and Bill were a few of the couples who aided their digestion by taking a short hike. The rest just lay around and watched the mighty rivals, Day and Carter, play a most interesting game of golf. Huge sums were bet, but by the end of the game both broke just about even. I believe Day was three cents to the good. Chick is planning to donate his winnings to orphans and starving widows. Chick really is a mighty fine person.

All in all, everyone really had a swell time at the picnic. The swimming was fine, the food excellent, the games were fun, and the hikes were—well, just too love(ly) for words.

It seems as though several of our campus heroes went over to Fresno to the relay races this weekend. If you want to hear how good they were and what a swell time was had, just ask Bill Shephard, Luck, or John Swartley.

Editor of the Key Hole, what have you got to seeth about. You should have kept quiet about it all, then people might think that I was really quite a journalist. Gee, can't you just picture me sitting down at my little typewriter and thinking ??? out enough stuff for two columns? Wow! That would really be good.

Some fun was had at Ann's luncheon. It seems as though it conflicted with the A Capella Choir so after much running around it was settled that the luncheon was going to be right at 12 o'clock and then at 1:10 the girls in the choir were to go out to the Santa Lucia Inn to sing for the Exchange Club. Around 1:06 the girls came running, joined the rest of the group, got into their robes and went in to sing, but then to the wonderment of all in the group, they had got in backwards and when Miss Lowe started the song she was very shocked to find out that they were lined up wrong so naturally everyone being in a very good frame of mind, started to laugh. The first song was a little ragged but then with a lot of self control, they managed to finish with a bang.

Nuff Said . . .

First Astronomy Stude: "What holds the moon up?"

Second Halfwit: "Must be the beams!"

## THE CLOTHES CLOSET

Just because we have been talking about girls' spring clothes is no sign that the men haven't got new styles for this summer.

Have you noticed the classy shoes that are out? They are similar to the shoes that the girls have been wearing, sandals and what not. The men are also taking to bright colors. Have you seen those Hawaiian shirts, or what have you, that John Mitchell and several other boys have been wearing around? Wow! What class!

For dress wear the boys are taking to white suits, or dark pants and white coats, or just reverse. For sports wear they are using many colors that have not been as popular as before; some have gone into new shades of blues or greens, either for their coat or trousers. Most of the men prefer to wear pants of one shade and coats of another shade; suits are still in style, but the modern trend is sport outfits. Have you also noticed those ducky bow ties?

## EASELING

Credit for those darling little South Sea islands with their cool green palm trees and the lovely maidens, goes to the members of the art department. Although the dancers themselves were made especially for the prom by a large company in San Francisco, the clever little center pieces were designed and carried out by students.

## Vorheis Sets New Discus Mark In Conference Meet

Led by Harold Vorheis, who set a new record in the discus throw, the Panther track team took a total of 21½ points for a third place in the "B" Conference track and field meet held at Santa Rosa last Saturday, May 14. The field of five schools was led by the powerful Marin Junior College team from Kentfield. Marin took 57 5/6 points for first place, Santa Rosa took 53 2/3 points for second place, Menlo had 12½ points for fourth place, and 8½ points went to the Placer Junior College team from Auburn.

Harold Vorheis, the pride of the Panther den, came through with the predicted victory in the discus event by throwing the platter 133 feet 4 inches for a new Northern California "B" Conference junior college record. New records were also set in the 120-yard high hurdles, the 220-yard low hurdles, the 880-yard dash, the mile run, and the records in the 100-yard dash, the 220 yard dash, and the mile relay were tied.

Johnson, of Menlo, turned in a splendid performance by dashing four laps to win the mile event in 4:32.6 for a new record. Badger, of Santa Rosa, also set a new mark in the half mile run which he won in 2:03.5. Mahurin, of Santa Rosa, contributed to the number of records broken by winning the 220-yard low hurdles in 25.7, while Smith, of Marin, set a new mark in the 120-yard high hurdles, running the barriers in 16.2. The mile relay record set by the quartet from Marin is now 4:31.

Nutting, of Marin, tied the 100-yard dash record in 10.1, and his teammate, MacFarlane, tied the furlong mark with 22.4.

Point winners for Salinas were Lafranchi, with a third place in the 100-yard dash; Garcia, with a third place in the 440-yard run, and a second place in the javelin toss; Stokes, with a fourth in the

## BILL SHEPHERD, HAL SILLIMAN LEAVE PANTHERS

Bill Shepherd, the all-around sportsman of the Jaysee, and former Loyolan from Los Angeles, is taking a history and physical education course in preparation for a coaching career. Bill was active in sports last year, playing football and basketball. He plans to enter Fresno State College or a college in Arizona on graduation from Jaysee.

"Shep" kept himself in shape during the last three summers by working on tankers and plans to do the same this summer.

Harold Silliman, husky hurler of the Panther baseball nine, plans to enter the University of California after graduation from Salinas Jaysee and take an engineering course. Harold was one of the mainstays on the Panther nine, playing almost every inning. He played an outstanding game in the last game of the season against Menlo Jaysee, allowing only five hits, one walk and struck out eight batters.

### ADDITION!

In addition to those who were listed last week, Nettie Wiechering, K. Yoshizumi, Barbara Tracy, Audrey Sarmento, Dorothy Fullride, Winifred Kincannon, and Geneva Carr took the Civil Service examination yesterday in Watsonville.

Ben Battle was a soldier bold, And used to war's alarms, But a cannon ball took off his legs So he laid down his arms.

javeline throw; Head, with a tie for fourth in the high jump; Carlson, with a third place in the shotput; and Jack Kympton with a third in the discus throw.

The two Panther first places were won by Vorheis in the discus, and Gordon Bain, who tied with Knowles, of Santa Rosa, at the height of 12 feet.

Sophomores, who competed in their last junior college track meet in the colors of maroon and gold, are Kympton, Vorheis, Lafranchi, and Head.

Freshmen who will return next season are Carlson, Stokes, Stewart, Giles, Carter, Garcia, and Bain. To this number of returning veterans will be added a large number of high school stars who will come to Salinas Junior College from the surrounding high schools of Watsonville, Salinas, Santa Cruz, King City, Gilroy, Pacific Grove, and Monterey.

Coach "Bud" Winter, who has coached three championship Watsonville high school lightweight track and football teams, will be in charge of the Panther cinder artists.

## BUD WINTER TO ASSIST ADAMS

LLOYD "BUD" WINTER

Lloyd "Bud" Winter, assistant to Coach Emmet Geiser, of Watsonville high school and the mentor of three C. C. A. L. championship lightweight football team, will act as assistant to Coach Ed Adams here at the Salinas Junior College next fall. Winter will act as backfield coach of the football team, while Adams will have charge of the linemen. He will also coach the Panther track and field team.

Winter is a graduate of the University of California and a former member of the Cal Ramblers. He has coached the Wildkittens since 1935.

A fair turn-out for spring football practice seems to indicate that next year we will have a good varsity eleven. To the remaining veterans will be added many new recruits from the C. C. A. L. high schools and outside institutions. Through the combined efforts of the new football coach, "Bud" Winter, and head coach, Ed Adams, it is very likely that a team of championship calibre will be turned out.

## BAIN IS ELECTED COMMISSIONER

Emerging victorious in a close race, by the slim margin of one vote, Gordon Bain, of Carmel, was elected to the position of commissioner of men's athletics.

Bain was a well known athlete in C. C. A. L. sports and knows practically all branches of athletics, having taken part in football, basketball, and track in high school. Out of school, he has played tennis and baseball. With as versatile an athlete as he in the office, the athletic department is assured of proper representation in school affairs. Congratulations, Gordon, and good luck!

## Gridiron Battle On Today

This afternoon, at the Salinas High School "Lettuce Bowl" the rival elevens of the sophomore class and the freshman class will fight to uphold the honor of their respective classes.

The starting lineup for the freshmen will be Eaton, at left end; Hudson (All-CCAL center from Watsonville High) at right end; Voris, at left tackle; Utsunomiya, at right tackle; Woods, at left guard; Stokes, at right guard; Silliman, at center Vella, the Hoboken hurricane, at left half; Johnson, at right half; Garcia, at full, and Giles, at the quarterback post.

The sophomore eleven will be led by Bill Shepherd, quarterback and coach. The left half-back position will be filled by Tom Judge; the right half back position by Milton Lafranchi, and the fullback position by Everett Olson.

The line will be composed of the following: John Storm, left

end; Gerard Woelfel, left tackle; Harold Vorheis, left guard; Don Coover, center; Jack Kympton, right guard Frank Trotter, (All-Conference, right tackle, and Lawrence Head, right end.

Ready to rush into the fray for the 14th year cause, will be Wing, Jewett, Coustette, and Meese.

The freshmen will have Kirby, Carlson, Bias, Wolcott, Nerell, Swartley, Andrus, Ogawa, Day, and Carter as reserves.

There will be, in all probability, many changes in the lineups before starting time.

Classes will be out at 2:35, and the game will start as soon as the students arrive at the football field.

Officials will probably be Coach Jess Regli, Salinas High School Cowboy coach, and Marius "Pinky" Petersop, St. Mary's star varsity center.

The small admission of ten cents will be charged to defray the expense of cleaning the suits after the game.

On the strength of their reserve power in the backfield and the line, the freshmen will be favored. However, the sophomores will have a much heavier outfit and a much more experienced squad of pigskin artists.

Bill Giles, freshman quarterback, will have to wrack his brains to match plays with Bill Shepherd, who has played football for Loyola and was a member of Coach Powers' eleven two years ago.

A great punting and passing duel is slated between Tom Judge, of the upper class, and "Smokey Joe" Garcia of the frosh.
